Frequently asked questions

Is the Union going to control my business?

No, we want to be your partner. The union has no desire to run your business, we supply skilled manpower and want you to succeed.

Is it true I can never fire anyone?

No, you or your foreman are in charge of layoffs and discharges.

Will the Union allow me to use my existing work force?

Yes, those in your employ who do Plasterer's and Cement mason's work would be required to join the union as a journeyman or as an apprentice, depending on their skill level.

On a prevailing rate job, do I have to pay an apprentice full rate?

No, apprentices in our program get paid the apprentice rate. We are the only registered program for plasterer's and cement masons in the State of Nevada. The lower rates are compliant with the law.

Do my employees have to pay to be members and what benefits do they get?

We have initiation fees to become a member. The benefits they receive are representation, a Collective Bargaining Agreement, health care, a pension plan, training and a voice and vote in a democratic organization.

Am I going to be less competitive as a union contractor?

No, we have successful contractors in all areas of the plastering and concrete industry. They are just like you. They want to make a profit. Our training and productivity give them a competitive edge.

Testimonials

How does Local 797 help Nevada contractors to succeed?

"Our relationship with Local 797 has allowed us to expand our customer base by providing qualified individuals to perform work on the many varied types of concrete construction our firm performs. We value their commitment and look forward to many more years of partnership." - Danny Clayton Vice President - Sahara Concrete Inc.

"John Jory LLC truly believes that local 797 is on top of the demanding Las Vegas market supplying us with the very best craftsmen available" Larry Buccione - Chief Operating Officer - John Jory LLC

*"Austin General Contracting values our union partners and their efforts to provide trained, skilled employees. AGC strives to provide the highest quality workmanship and relies on Local 797 to supply qualified and up to date trained personnel in an effort to reach that goal." Mike Austin, President
Glen Barnett, General Superintendent*

"The quality work and experienced craftsmen belonging to Plasterer's Local 797 have provided CWS Contractors, LLC and the community with a benchmark of excellence." Chris B Arnold, President CWS Contractors, LLC

Key Benefits:

FLEXIBLE HELP: Having the help you need when and where the work dictates saves you money on labor costs. Local 797 members are available in any part of Nevada, for as long as you need them. When jobs finish you can trim your work force or move the workers to another job.

TRAINING: We provide training for both apprentices and journeyman. All training is provided at **no additional cost to the contractor**.

Apprentices attend a minimum of 480 hours of training before becoming a journeyman.

Journeyman training in safety certifications and special materials are provided frequently to help keep you competitive in all markets.

SAFETY RELATED COSTS: Local 797 members have a "Safety First" attitude. Our safety training stresses the importance of all of us going home to our families each night. Proper safety training and certifications make members more safety conscious. This translates to lower workman's comp costs, less downtime costs and less absenteeism

PRODUCTIVITY & QUALITY: Higher productivity means higher profits. Better quality means a reputable name for your company. Local 797 members are the best trained and most productive plasterers and cement masons in the world. Getting the job done right the first time is the key to your job being on-time and on-budget.
